Judy,

Here is the resolution and the string of emails that shows that we didn't get word of the resolution (finalized by the tribe on 7/14/17) until after the Brigid Lowery letter of 7/17/17 went out. Looks like we got word of it on 7/17/17.

Anthony,

I was out of the office last week dealing with a family medical emergency. Can we get together today or later this week to talk about what is going on? Can you send me the resolution?

Thanks. Why has the tribe taken this action? What precipitated the event. I thought we were working together with Anthony as facilitator? What are the points of disagreement? Copying Anthony. Bob

Bob,

I sent President Wildcat a letter today asking for tribal participation in an upcoming managers' meeting with WIDNR on the Haskell Lake site.

Mike has been working with ORC and Anthony Greenwater on this. I've cc'd him in case you have any questions.

I've cut and pasted below the resolution that Anthony rec'd from the tribe stating that tribal staff will not be participating with EPA on any meetings regarding the site.
